

THE HAMLIN HERALD

IN 37th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, OCTOBER 16, 1942

NUMBER 50

Ten More Men Gone Coming For Others

Ten more Hamlin men have enlisted direct into the Air Forces and left Anson Tuesday of this week for the Lubbock Army Flying School. More men between the ages of 18 and 50 are needed and there will be recruiters at the Hamlin and Anson Chambers of Commerce offices on Saturday and Monday for the purpose of enlisting those interested and transportation to Lubbock will be furnished.

Those enlisting from Hamlin last week were: John Charles Hix, Vernon C. Henderson, Bernard F. Meeks, James Drennan Bingham, Vernon Jewell Andress, Alvie L. Mullins, Howard L. Wilson, Jesse E. Johnson, John S. Armstrong and Jake Armstrong.

Enlist now and serve with your friends from Hamlin and Jones Co. There are now over 120 Jones Co. men at the Lubbock Army Flying School, forty-eight having left Anson Tuesday for there.

The nation-wide campaign to enlist mechanics and technicians into the Air Forces will end soon.

—Public Relations Office

The Herald will take a double check on the number of papers on each list hereafter, so that we shall know for a certainty that all papers whose subscriptions have not expired have been started on the way to the reader from this office. (Tf)

If you notice the month shown on your Herald after your name it will show you when it is about time to RENEW. Let the Herald send in your subscription for a daily paper and save you at least 50 cents.

CALVARY BAPTIST CHURCH

The church this Sunday, at the morning services, will hear Rev. E. B. Featherston, of Aspermont, provided he can get some way of coming. The pastor will be in the pulpit at the Neinda church for the morning services.

Bro. Featherston is nearly 93 years of age but still has an active mind and young spirit. We invite all to come hear him.

Keep In Touch With Red Cross Chapter

Brad Rowland, Hamlin, is newly named Red Cross Disaster Chairman for Jones County.

Mr. Rowland succeeds B. T. Beaver, Anson, resigned because of pressing school duties. The new chairman attended a regional Red Cross consultation in Abilene last week. Jones County Chapter was also represented by these officials: Mrs. Bailey Post, Stamford, Canteen chairman; Mrs. V. D. Doble, Stamford, Junior Red Cross chairman; Miss Hybernia Grace, Anson, Home Service chairman; Mrs. C. F. Butcher, Hamlin, Red Cross vice-chairman; Miss Dorothy Johnson, Anson, Junior Red Cross.

Increasing war effort is reflected in tremendously increasing demand for Red Cross home service. Miss Hybernia Grace, Anson, chairman, reported. This aid is the link for men in armed forces with their homes and families and included 86 cases in the quarter just closed. During July, August and September, Miss Grace reports forty-five telegrams, 118 interviews, 130 letters, 498 miles traveled, \$5.67 in direct relief and \$361.00 in relief loans for emergencies. Thirteen October calls had been received by October 12th.

One hundred twenty-five women completed surgical dressings schools of instruction last week, Mrs. Geo. E. Pryor, surgical dressings chairman, reported. In addition to volunteers for each day working under day-chairman and co-chairman, clerical helpers have offered their services for each day the work-room is operated, Mrs. Pryor stated. Oct. quota has been shipped and work will begin immediately upon its arrival.

A recent Red Cross donation of \$140.17 from Anson was reported by Chairman Dean.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 9:45, A. M.
Morning Worship Service, 10:50.
Youth Fellowship of Intermediates and Juniors at 7 P. M.

Evening services at 8 o'clock.
The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

Mid-week prayer service, Wednesday evening at 8 o'clock.

The pastor will preach at both the morning and evening services Sunday. Special music will be rendered and the Young People will be in the choir Sunday evening.

The poet has well said:
"A Sabbath well spent brings a week of content

And health for the toils of the morrow.

But a Sabbath profaned, what'er may be gained,
Is a certain forerunner of sorrow."

How do you spend your Sabbaths?
Go to church Sunday!

We welcome visitors.

Mr. and Mrs. J. B. Goodwin and daughter, Betty Joyce, of Anson, were here Sunday to visit Mrs. Goodwin's sister, Mrs. Z. T. Wilson and family.

Dr. and Mrs. Joe McCrary left Sunday morning for California to visit their friends, Mr. and Mrs. Tex Moore. Mr. Moore has been very ill.

Relatives of Bill Eaton and C. L. Warner have heard that these two fellows are now in Portland, Oregon, working as welders in the big ship yards. They left here Sept. 29.

Mr. and Mrs. Don Gould and daughter Brenda spent the week end in Duncan, Oklahoma, with relatives and friends.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Aviation Pilot

LT. WILLIAM WARREN NOBLES

This young Hamlin man received his silver Wings as a pilot last Friday at the West Point of the Air in San Antonio. His mother, Mrs. Vera Nobles and his sister, Miss Marguerite of Texas Tech were present for the graduation.

Lt. Nobles was retained at Kelly Field as an instructor. This seems a distinct rating for Warren, but he was disappointed in not being sent forward to be nearer action.

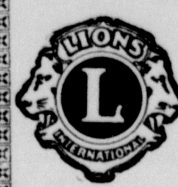

The Herald anywhere, 1 year, \$1

157,297 Pounds Of Scrap Metals Gathered Friday By Hamlin Schools

Last week end, two of Hamlin's young students, were up from John Tarleton College to enjoy the smiles of home folks and friends. Jimmy Clements and Elmer Feagan Jr. had all the appearances of young soldiers in their pretty regulation uniforms. Jimmy is a freshman and Elmer may be considered more advanced as he attended the State University the latter part of last term. It would seem that Jimmy is trying to introduce a new, patriotic touch in his latest hair cut.

Arthur W. Gray, manager of the Farmers Gin Co. at Georgetown, and a big land owner in Jones Co., keeps the Herald coming to him by means of those "long green slips" bearing the picture of Washington. Yes sir, A. W., Jones county is really dressed up and going places. It looks like there will not be over 50,000 bales this year, but think of the feed, the goobers, and fine stock plus gobbs of chickens and vegetables. No, starvation in these parts.

Typewriter Ribbons—Royal and Woodstock for sale at the HERALD.

LIONS CLUB
Every Tuesday

Instead of the regular Tuesday noon luncheon, the Lions club held their meeting Tuesday night and had as the main speaker District Governor Charlie Williams of Fort Worth. Lion Williams brought many valuable thoughts to the group and the club and community will profit by his visit.

Miss Sarah Smith, who recently moved to Hamlin from Anson gave a humorous reading that made a hit with the Lions.

The Sight Conservation committee reported a small boy in Grammar school had been tested and fitted for glasses. Other worthy cases are being looked after. This is one of the outstanding objectives of Lions, and if you know of a child who should have this attention, notify any Lion member.

Lions Gilbreath and Toler compose the program committee for the month of October.

Death of Mrs. W. S. King

At 9:30 Monday morning, October 5, 1942, the death angel ever so quietly crept into the family home and silently and gently closed the eyes of Mrs. W. S. King in the draperies of eternal sleep. Mrs. King was sitting in her rocker embroidering when God saw fit to take her away. What a comfort to know that she went without a struggle.

Ada Davis was born on December 30, 1875 in Franklin County. She was married to W. S. King on Oct. 14, 1900. To this union was born eight children, two of whom died in infancy. Mrs. King became a Christian in early childhood and was a member of the Methodist church at Neinda at the time of her death. It can truthfully be said that in her going we have lost a good woman from our midst, for she was loved by all who knew her.

Funeral services were conducted by Rev. Grady Adcock on Tuesday afternoon at 3 o'clock at the Methodist church at Neinda. Mr. Albert Thompson of Anson directed the singing. An impressive part of the service was a solo "You Won't Have to Cross Jordan Alone" by Mrs. Claudia Day of Anson.

Pallbearers were Sam Tindal, Lum Sullivan, E. L. McGilvary, F. W. Poe, Taylor Owens and George Poe.

Mrs. King is survived by her husband and six children: James S. of Victoria; Mrs. Earl Brown of Hamlin; Mrs. Gordon Green of Merkel; Mrs. Cloda Hubbard of Littlefield; Mrs. Ramon Elkins of Dallas, and Robert R. of Spur; eight grandchildren and three sisters, and one brother, all of Mt. Vernon.

Children, the time will not be long until you go to meet your mother; then among great rejoicing you will be a united family, and until that time the Father will heal the broken hearts and help you in your sorrow.

—A Friend

Miss Dorothy Hudson of Fort Worth came home Friday to spend the week end with her parents, Mr. and Mrs. John Hudson. Dorothy has completed an aircraft course and is now employed in Consolidated Aircraft Corp.

Mrs. Bertie Wright spent the past week end with Mr. and Mrs. Lem Reynolds in the Neinda community.

Mrs. C. C. Prater visited her sister, Mrs. C. L. Baker in Ballinger from Sunday until Tuesday and while there attended a breakfast at the Palace Hotel given by Mrs. Baker complimenting a war bride friend.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

The Hamlin School Scrap Drive was a success—157,297 pounds of iron, steel and various other metals were thrown in the lot at the Planters Gin and on the lot designated on Central Avenue. Several hundred pounds yet remain to be gathered up over the city. It is possible that many more tons could be gathered by our students if opportunity permits us to gather it. We wish to thank Mr. J. D. Ferguson, manager of the Planters Gin, for the use of his lot and his scales. We are indebted to the city employees for their time and the use of their trucks. We appreciate the help of all individuals who worked or contributed in our efforts.

The Scrap report by classes is as follows:

First Grade—2,580
Second Grade—1,895
Third Grade—1,585
Fourth Grade—1,765
Sixth Grade—5,665
Seventh Grade—3,215
Eighth Grade—2,595
Ninth Grade—34,892
Tenth Grade—29,195
Eleventh Grade—23,980
Twelfth Grade—49,935
TOTAL 157,297

G. R. Bennett, Supt.

The Aspermont Star Closes For Duration

Monday afternoon Editor and Mrs. L. B. Moore of the Aspermont Star called at the Herald Office in a farewell visit, following the closing down of their paper last Saturday.

Editor Moore is going into the army aviation mechanic service shortly and his wife returns to her parents at Strawn. Mr. Moore gave Aspermont a good little paper considering all conditions. He told the Herald he wanted to hear from this part of the state and as soon as located he would send for it.

Kyle Jones came over last Friday from San Francisco where he has been working in the Kaiser Ship Yard. He is transferring to some ship yard on the Texas Coast. And say, there is another Hamlin man in the Kaiser yards—he is Robert S. Dean, who went out there August 14. Kyle Jones is a grandson of Mrs. W. J. Johnson.

The President Speaks—

Did you listen in on the President's intimate talk last Monday night? If you did, don't you agree with us that it was one of the calmest, most practical chats he has given the American people? In the main, did you agree with him in his earnest expressions . . . the man on whose shoulders the second greatest burden in the history of this nation now rests? His talk was so full of reassurances, so broad and gentle. To be sure he did say a few things that hurts to the bone, and who could expect anything but a hurt these times? Mr. Roosevelt made it clear that he took a personal look at a mere fringe of this great nation at war preparations. He, like you and all men would be, was surprised to see so much being done, and the people so willing, and deeply earnest. This counts towards the final victory, too.

This column has said before that no man in America can imagine just how big the country is making its war machine. The efficiency, the spirit, the men and women behind the guns from factory to the very battle edge is a power that no other nation can muster in so short a time.

Maybe some of us do get impatient and want to jump the gun, talk too much and know too little, but all this is human, and what a blessing that we have a country where even the Herald man can feel safe in expressing OUR opinion about things. If one thinks a secretary, a brain buster, a general or even the president has pulled a boner, and says so, nobody will shoot him for it. What every patriotic person wants to do, though, is to slap every fifth columnist in the mouth that does not play along with our leaders, good or bad. If some leader gets too rotten and reckless, too selfish and fiddles too long he will get it in the neck sooner or later, in good fashion. The President made a personal trip to see. The people liked it, and will want him to travel some more and talk some more. America is on its way to victory, not for personal gain as a nation, but for decency, honor and comfort for all peoples. Our ideals are noble enough to encompass success, and there are TWO things we all know must come true . . . Whip the Germans and Japs if it takes a hundred years, and in doing that we all know the price will be paid in blood and lives, hundreds of sacrifices. But it will be worth it.

Too Late To Draft Labor—

The labor question is giving a lot of people the gemmy fits. Away back yonder when war work started was the time to settle the question of labor. Too long has passed when a million or two had to give up their jobs that paid well while others who had never enjoyed more than a dollar a day hiked out to war plants to receive oodles of dollars while their buddies were getting only \$21, \$30, or \$50 for a whole month and besides undergo restrictions, and dangers too numerous to mention—yes, it is too late now. Let's forget the inequalities that have developed and trot along to win a bad war and forget who gets what.

Remember long ago this column suggested that all manner of war activities should be done on a sensible, fair basis . . . (some more type-writer strategy) but by heck it makes sense. To take one brother and put him in the army at 20 to 30 dollars per month and the other in as a mechanic under some racket to be paid from 7 to 13 dollars per day out of the taxpayers pockets, to do war work, easier than the soldier's job DON'T make sense to us. It is too late now. Who can blame a man who gets about two dollars on the farm for going over yonder to receive \$10 for eight or maybe seven hours of easier work under the bright lights? Who can now tell him to stay put in a field of dirt to make money for the farmer? Certainly somebody must work in every place, but it is too late now to draft labor. What kind of army would we have to tell the soldier in the Solomon Islands that if he wants to he can quit and go back home to help raise sheep or hogs, or cane? But

that would be fair and expected if a labor draft should be attempted. We got to win the war now as we started out. The only way would be to level it all out on the same basis.

—T & T—

The 35 Miles—

Plans are now being set to control tire use, tire ownership, tire replacement. A lot of swearing (legally) and a lot of cussing will be done in the next sixty days. It will go like heck with some fellows to swear that they have but five tires when as a matter of fact they have six or seven. There are a lot of folks who will gladly give over their extra tires and try to conserve their five.

When it comes to that 35 miles, it will be out in the open, even in the dark. When one is driving along at nearly 35 and some smart guy comes up from behind and dashes around it is going to make most patriotically minded people angry and you may watch out for a lot of rear numbers to be reported to the proper authorities. It would be proper to turn in

a fast guy like that. Of course that would be tattling and a guy who disregards regulations in war time would not hesitate in saying, "Why no, I was not driving over 35".

—T & T—

Soldier Voting—

Most Americans want to give and allow our soldier boys every thing possible they need and want. But for the life of us, we can't see why congress was so anxious to extend the voting privilege to the men of the armed service. Reports from Austin say that not one single request has come from any Texas soldier for a ballot. That's what might have been expected. Our men do not have time to think about voting, for whom or for what. They have confidence in the folks back home like we at home depend on them to do a good job. In a dozen respects it is impractical for a soldier to get a ballot and cast a vote when he is ten thousand miles away, in the midst of death and disease. If they can't whip the enemy all of our voting will avail nothing. If the fathers and mothers back home can not vote right and deal with affairs in a country like this, why should the soldier give his life for it? Plainly we think a shabby political gesture was snuffed up by the fellows in congress. People are tired of this kind of piffle, we think.

—T & T—

Chinchy—

One of the rankest chinchy attempts to get something printed for

nothing was received from a certain candidate (evidently, at least by his consent and knowledge) through a West Texas Press Association envelope this week. We are not dealing in politics, but B uddy, if anybody wants to know who we will not vote for, for the vacant seat in the Texas Senate, you can ask this editor. We have such an utter contempt for this kind of cheap campaigning that it makes us fear to express our feelings for we might say it too strong. Some publishers may be silly enough to fall for something like that to "fill up" their sheet, but not here Baby. When you see a candidate's name in this paper remember he paid for it, offered to pay or has good credit.

About Soldiers--Sailors

The Herald regrets to learn that Sgt. Dee Young, a member of the Commandos, was seriously injured while on maneuvers in Louisiana last Saturday. Dee had been handling big tanks and teaching tank operations. His many friends in the Hamlin-Neinda-Boyd Chapel communities will be anxious about his recovery.

—S & S—

In World War I, a sergeant ordered a negro soldier to enter a dug-out and clean out any of the enemy who happened to be there. The darkie paled a little, swallowed his Adam's apple and then said huskily, "If you sees three or fo' men come a-runnin' out dat hole, don't shoot de fust one, please."

—S & S—

W. W. Dean, son of Mr. and Mrs. R. L. Dean has been accepted in the Navy Seabees service and is expecting a call any day to get "out and go over." A Seabee signs up for foreign service—and ere long he will likely be "away down yonder."

—S & S—

Letters are coming in from Onis, from "somewhere" west of San Francisco, not even his wife can exactly figure his real location. He is in the best of health and spirits, and like all other young married fellows, he counts the days as they pass, and looks forward to "when it is over". Onis' parents live near Stamford, but were formerly prominent Hamlin people. He was employed by the Hamlin Bryant-Link Co. before his induction into the army.

—S & S—

You can now put Pvt. before the name of Clee Barnett, a Hamlin-Fisher county boy, who has joined up with the South Plains Army Flying School at Lubbock. If you want to send him something use 848th School Sqdn. (SP).

—S & S—

Sgt. Charles England of Savannah, Georgia, who is stationed at the Stamford flying school, was a guest of Guy Wilson the past week who visited with his parents, Mr. and Mrs. M. C. Wilson.

—S & S—

Mrs. Leon Thurman received a letter Tuesday from her husband, Staff Sergeant Leon Thurman marked "Somewhere in the British Isles". The letter was written Sept. 20 and was postmarked Sept. 24th.

—S & S—

W. C. (Dub) Tidwell has joined up with the air corps in the ground crew as a mechanic. He says he will keep 'em flying. He is at Randolph Field in San Antonio, and his wife plans to join him Saturday.

—S & S—

Harold Newberry, Jr., came in last week from the Great Lakes Naval Station for a short stay with home folks. This is perhaps Hamlin's youngest boy in the service.

—S & S—

Buddy Withers, son of Mrs. J. C. Withers, was here this week making preparations to go into the Navy. He took his oath in the service in Santa Fe, N. M., Oct. 9th, and he left this Thursday for that place to later go to some point in California. He will serve in the recruiting service. Buddy's home is in Pecos, where his wife will teach while he is away.

—S & S—

Mrs. Clyde Huff and Mrs. W. L. Hunter, Jr., report that their brother, James Parker whose home is near McCaulley, received his Wings at Stockton, Calif., Sept. 29. He is rated as a Staff Pilot.

—S & S—

Pfc. Walter C. Thompson, son of Mack M. Thompson, came in last Saturday from Ft. Bliss to visit with his father a few days. Walter has been in Ft. Bliss now over 18 months. He is in the artillery branch of the army.

—S & S—

Elza Raye Hill, son of Mr. and Mrs. Alvin Hill, age 19, has been in the ground crew of the Air Force Sqdn. 616, Flt. 45 in Kern, Utah. He has been in now three weeks. This is another fine old Fisher Co. son, the only one in that family.

—S & S—

Wilson Crow of the U. S. Naval Receiving Station Bake Shop, Division 5 R, at San Diego, has been raised one degree promotion. He is now Baker 2-C which is the same as Staff Sergeant in the army. Wilson is also an artist with pen and ink. The envelope carried a one-side sketch in four colors. Glad to hear from you Wilson.

—S & S—

Bynum Britton, son of Mr. and Mrs. Geo. Britton, is a navy man now. He is in the 36th Bat. Co. D Plat 5, at Camp Allen, Norfolk, Va. Bynum has been with the West Tex-

as Co. 19 years. He is another Neinda boy we shall hear from.

—S & S—

Our Soldiers and Sailors, the WAACS, the WAVES had as well move over and give room for Our Nurses, for Hamlin community has at least one pretty nurse in the service. She is First Lieutenant Frances Bailey, daughter of Mr. and Mrs. Ed Bailey. Miss Bailey is located in Camp Berkeley and she is one of the two assistants of the Chief Nurse of that base hospital. You know the nurse is as important as the man who works the big guns, or the planes or ships. Her presence in the emergency hospitals, or even in the quiet training center means more than words can paint to the young fellow far from home and sick or wounded. Hence, here's our "hats off" to any young lady who serves our country and our men in this capacity.

—S & S—

Bill Scott, son of Mrs. J. H. Scott arrived home Thursday night of last week from Ft. Sill, Okla, where he had just received his commission as Second Lieutenant of the Field Artillery. Lt. Scott was formerly in the National Guard in 1938 and was automatically put in the army in November, 1940. This promotion will place Bill in a fine field for further promotions.

—S & S—

A LETTER

I guess that all soldiers like to hear about what is happening around home and I especially like to read what and where my friends are in the service. I haven't heard from anyone who is in, and I always read about them in the Herald.

I have really been a lot of places since I joined the Air Force. I went to Camp Wolters and then the Sheppard Field and then they sent me to school. I learned to be an engine mechanic. I really learned a lot in a short time too. It is a very fine course. I was going to be a glider pilot but they decided not to train the fellows that didn't have any previous flight training. So, I took the examination for aviation cadet. I am waiting now for appointment.

I would like to tell you about the air depot here and about the field but I guess that would be a military secret. Mobile, Alabama, is a pretty good town but there isn't much here for there are too many war workers. These Southern Belles are not what they are supposed to be, I don't think. The Yankees like them though. They just haven't been to Texas. Everywhere you go you always see a lot of boys from Texas.

I would sure like to hear from you so I will look for a letter. Keep 'em Flyin'.

Respectfully,

Pvt. M. Y. Wilson

Brookley Field, Mobile, Ala.

Shootin' 'em Down

U. S. Army Headquarters in Britain reported that 115 American bombers, in their first large-scale daylight sweep over the occupied part of France, shot down 48 Nazi planes, probably destroyed 38 more and seriously damaged at least 19. Never before had so many German planes been shot down in a single operation over Western Europe as were brought down by the massed fire of the American Flying Fortresses and Consolidated B-24's. Only four American ships were lost and the crew of one was saved. The bombers made a destructive attack on the Lille industrial area.

Rationing and Drivino

Price Administrator Henderson announced these steps as the Government plan to keep every passenger car "rolling for essential mileage" throughout the war: (1) Rationing of used tires and recaps, and new tires now in stock, to provide as far as possible the minimum essential mileage to each of the nation's passenger cars; (2) actual control of each car's mileage through the rationing of gasoline to prevent unnecessary driving and to hold the national average down to 5,000 miles per car per year; (3) compulsory periodic inspection of all tires to guard against abuse and to prevent wear beyond the point where they can be recapped; (4) denial of gasoline and of tire replacement to cars whose drivers persistently violate the national 35-mile-an-hour speed limit.

A nice line of Christmas cards at the Herald Office. Make your selection early to be certain to get the card you want.

Suppose the POWER
to Make this Bomber
Was Still on Blueprint!

Another world war is being fought . . . a war between a group of countries (the United Nations) which believe in certain liberties for the individual and the institutions he has created, and a group of countries (the Axis) which do not believe in such liberties.

Meanwhile, a war is being waged within our own borders . . . an economic and political revolution, with those who believe in perpetuating free enterprise and opportunity on one side and those who favor political control and operation of productive resources on the other.

Bureaus exist within our government today that are completely dissociated from the war effort, methodically doing things to discourage free enterprise . . . constantly forcing the individual out of business through government subsidized projects.

This means only one thing in the end, if allowed to expand unchecked: the inauguration of government in business, or the socialized state—in plain English, the Nazified German system—at a time when the nation is fighting a second world war to prevent that very system from engulfing our American ways which have been contrary to that doctrine.

From the first blueprint to the finished bomber, electric power is speeding the production lines that are vital to the fight to preserve the American way of living. Uncle Sam has a tremendous power advantage, you know, because he commands the greatest supply in the world.

That advantage didn't just happen. Over 90 percent of this country's electric power was built up by free enterprise . . . business management under public regulation.

The electric industry was ready, with the power on hand, when war began. There was no delay waiting to get power out of the blueprint stage after Pearl Harbor.

This industry grew out of the American system of free enterprise . . . employed more and more people, served more and more people—at lower and lower price.

Today the average West Texas home enjoys about twice or three times as much electric service as it did 10 or 15 years ago—for the same money.

It's been accomplished under the American system of free enterprise wherein any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people and contribute their share of taxes for the support of democratic government!

Schubert Club Meets For Program

Opening the year's study on American Music, the Schubert Club held its first study program Wednesday afternoon at 4:35.

Mrs. Hackley was program chairman and the meeting was opened with sing-song of familiar American Folk Songs by the club.

"Origin and History of American Music" was given by Mrs. Hackley. Other numbers on the program were Piano solo: "Three American Dances," arranged by Clarence Burg, Miss Gilbert. Vocal solo: "The Winter Dawn is Stealing" Iroquois Melody, "Far Off I Hear a Lover's Flute," Omaha Tribal Melody, Chas. Wakefield Cadman, Mrs. Maberry.

HOST AT QUILTING

The home of Mrs. T. W. Flenniken will be host to the Wise Chapel Quilting Club on Wednesday of next week.

When a person is polite enough to ask you how you are feeling, you should be polite enough not to bore him by telling him.

Miss Marie Holland Marries Indiana Man

Miss Marie Holland and S. W. Mopps were married Saturday, Sept. 26, in Yuma, Arizona. The ceremony was read by the Rev. J. B. Brown of the First Christian Church.

The bride is a daughter of Mrs. Beuna Holland of Hamlin. While attending Hamlin High school she was a majorette for two years, and graduated with the class of 1941. After finishing High school she was employed with the Telephone Co. in Rule, and was later transferred to Haskell.

Mr. Mopps is the son of Mr. and Mrs. W. W. Mopps, of Muncie, Indiana and is employed with Consolidated Air Craft in California.

They are at home at 2830 Upas St., San Diego, California.

Card of Thanks

We shall always remember with deep gratitude the comforting expressions of sympathy and the beautiful floral offerings from our friends during our recent bereavement of the loss of our dear wife and mother.

May our Heavenly Father bless and reward each of you.

W. S. King and Children

Mrs. A. H. Abernathy visited relatives in Merkel Sunday.

THAT "HATE TO WORK" FEELING

Does your work have to wait because you "don't feel like doing anything"? This listlessness may be due to delayed bowel action. Give those lazy bowels a gentle nudge with ADLERIK'S 3 laxatives and 5 carminatives. Try ADLERIK'S today, your druggist has it.

Waggoner Drug Company
And Inzer Pharmacy

Miss Wilma Reynolds returned to Houston Wednesday, after spending a week's vacation here with her parents, Mr. and Mrs. Will J. Reynolds.

J. D. Wood, formerly a good farmer on Route 3, Hamlin, has gone to the copper mines at Claywood, Arizona, to help in getting copper for Uncle Sam. The Herald will go to him so he can keep in touch with the Hamlin country doin's. Thank you, J. D.

Miss Clydene Wilson of Abilene was here for the week end to visit her parents, Mr. and Mrs. Clyde Wilson.

It Is Your Money

If You Pay More Than Our Safe Rates for your protection, you let some one spend the money that belongs to your family.

You Would Not pay \$1.50 for flour that you can buy for \$1.00, yet many are doing that for insurance. A comparison of rates we charge for protection will show you.

Can The Person who sells you at a higher price, and knows it, feel he is treating you, as he would wish to be treated?

In Merchandise, there is a difference in quality. In The Cash Value of Insurance, there is none. Money from one, is of no greater value than from another. Then Why Pay a higher rate for your insurance money? It is just simple business.

You always compare prices when buying food or clothing, so why not try that in your insurance program? It will pay you. There are but two things to consider in buying insurance. That is, "Do they pay promptly? Do they pay what they promise?" Our reputation is established.

We are proud of what people know. Our Large Cash Reserve, is Your Guaranty. Our Rates are your savings.

Write us and give us your ages, and let us show you the savings, and your own good judgment will decide your actions.

Very truly yours,
IDEAL SECURITY LIFE INS. CO.
By W. H. Littlefield, Sec'y-Treas.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

A long-time friend has presented me with a hat. Maybe he thought that, since I talk and write Texas so much, I should wear a hat that suggests Texas. Anyhow, he gave me a Stetson—a "5X" at that. Did you know that they rate Stetsons by the "Xs"—different degrees, like the gravity of oil or the richness of the butter-fat in milk? And a "5X" is purty near the top. Don't know what it cost—wouldn't be polite to ask questions. But you've heard of a "fifty dollar saddle on a twenty dollar horse"? Well, I know how the horse feels!

An editor of a weekly paper, commenting on the fact that sometimes errors creep into his news columns, says that he made several in the last issue and a good subscriber told him about them. The editor goes on to relate, then, that about the same

day there was a letter in his post-office box that didn't belong to him; he called for No. 98 on the 'phone and got No. 198; he asked for a spool of No. 40 thread and was given No. 60; he received his milk bill and there was a mistake of 10 cents in his favor; he felt sick and the doctor told him he was eating too much meat when he hadn't tasted meat in nearly two weeks; the preacher turned in the church news items with the name of the president of the ladies' aid society spelled wrong; the garage man said the editor's jitney was missing because it needed a new timer but the editor just cleaned a spark plug and the flivver has been running all right ever since.

Yes, indeed, editors do make mistakes—and so, every thousand years or so, do other people.—(Quoted from the Sanderson Times).

Memories of a Traveler: Mexico City, where men carrying the heaviest burdens can be seen—one bearing a desk and three chairs; another on a bicycle, pedaling down a busy street, balancing a basket on his head, and the basket heaped with

freshly baked rolls . . . St. Paul, where you can stand on the north bank of the Mississippi and look across at the mysterious caves in which mushrooms are grown; folks moving briskly in the cold, wearing ear-muffs, bearskin coats, "winter wonderland" costumes.

Tony, who operated a little stand, was much annoyed by persons making a practice of handling and pinching the fruit, thereby leaving it softened and easier to spoil. So he put up a sign, "If you musta pincha de fruit, pincha de cocoanut."

Mrs. Carl Stotler and Mrs. J. M. Donaghey Jr. returned Sunday from Pampa after visiting several days there.

Next to oil and natural gas, sulphur is Texas' most valuable mineral resource.

Salt is the oldest and most continuously produced commercial mineral in Texas.

Christmas Cards at the Herald Office—5 cents to 20 cents each.

REVERSED

"Some of these guys," remarked Buck Private Cassidy, "has got the idea that the duty of a good soldier is to die for his country. Nuts to that! The duty of a good soldier is to make the enemy soldiers die for theirs."

—Santa Fe Railway Magazine

Holidays observed in Texas alone are Texas Independence Day, March 2, and San Jacinto Day, April 21.

HAMLIN, TEXAS

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

The address of Pvt. Emory L. Andress is 38067902, B T V B 30th Coast Artillery, A P O No. 944 care of Postmaster, Seattle, Wash. Loyd is a former McCauley boy and is after the Japs in Alaska.

Mr. and Mrs. Cecil Eivens and daughter of Lubbock were visiting their parents in Hamlin and McCauley over the week end.

Mr. and Mrs. Raymond Tanner and daughter of Dumas visited over the week end with her parents, Mr. and Mrs. W. C. Jackson in McCauley.

Mr. and Mrs. N. D. Miers and children of the Hobbs community were Sunday visitors in the home of Mr. and Mrs. Turner Houghton.

Mr. and Mrs. Louis Yates of Brady were week end visitors in the home of their parents, Mr. and Mrs. C. P. Yates.

Mrs. Dee Thomas of Ft. Stockton visited for a week in this vicinity. She is a niece of Mr. and Mrs. G. W. Martin. While here she visited in the homes of the Martins, the J. Ubbens, and O. R. Burnhams. Other visitors in the G. W. Martin home last Sunday were their children Wiley and family of Abilene, Frank and family of Hamlin, Mr. and Mrs. Milo Gray of Sylvester and Mr. and Mrs. Ellis Eivens and children of McCauley.

This vicinity has been blessed with a week of nice cotton pulling weather and if the hands were here it wouldn't be long until all the cotton was in the bale. The fields are white and cotton pickers are wanted.

Pvt. Joseph Miles of Sheppard Field was home with his parents, Mr. and Mrs. John Miles over the week end.

Just to keep the record straight, let us make this plain that the McCauley gins are not charging 40 cents per hundred for ginning and furthermore, such a charge would get the gins at McCauley closed by Uncle Sam, as our charge last year was 25 cents per one hundred lbs., and this year the gins are charging 26 1-4 cents per one hundred lbs., and paid \$47.96 per ton for seed last week. Don't listen to false rumors.

Three candidates have announced for the Senate to fill the unexpired term of John Lee Smith. They are Charlie A. Jones of Rotan, Pat Bullock of Snyder and Howard Davison of Rotan. Bullock and Davison are former members of the Texas Legislature and Jones made the race for the Legislature on two different occasions. He also made the race for County Judge of Fisher county and was defeated in all three races. However, Mr. Jones polled a good vote in every race. Howard Davison was born and reared in McCauley and is now a practicing attorney at Rotan. We will comment on the race in this column in a later edition of the Herald and most of the readers know by this time that we do not

sit on the fence.

Mr. and Mrs. Abe Martin of Dallas visited over the week end with her parents, Mr. and Mrs. Will Davison.

We had a lot of comments on our last week's O'Gram and most of them were favorable. But one fellow said "you put it a little strong didn't you?" and the only answer we had for him was: "If the shoe fits, wear it."

Miss Emma Sue Hennington who is attending McMurry at Abilene, was home over the week end with her parents, Mr. and Mrs. O. T. Hennington.

Mr. and Mrs. Roy Hennington and children are spending a month in the home of brother and sister, north of town. Mr. and Mrs. Hennington are teaching this year in the Hobbs school and the school turned out a month for cotton picking.

The McCauley school six man foot ball team went over to Dal last Friday and got a 40 to 0 drubbing. We hope for better returns next time.

A. L. (Alvin) Gregg, long time resident of this vicinity, passed away at his home near Neinda at 9 A. M. Monday. Funeral arrangements are incomplete at this writing. Mr. Gregg has been in bad health for some months with heart trouble. He is survived by his wife, a half brother, Hiram Prather of McCauley and other relatives. Mr. Gregg was well known and leaves many friends. Our deepest sympathy to the bereaved.

Mrs. Randal Parker and young son Randal Dick are visiting this week in the home of parents, Rev. and Mrs. C. E. Dick of McCauley. The Parkers' home is in Novice, Texas.

Students home over the week end from Colleges in Abilene were: Corine Akins and Mary Callaway of Hardin-Simmons.

Joe (Buddy) Boyd of Camp Wolters, was home over the week end with his parents, Mr. and Mrs. L. H. Boyd.

Mrs. Vera Jayroe and grandmother Yarbrough spent the week end in the home of Mr. and Mrs. Louis Earl Madden in Hamlin.

The Men's Bible Class of the Baptist church entertained their wives at a party in the home of Mr. and Mrs. Virgil Steele near Plasterco last Thursday.

Mmes. Jim Ezell and M. P. May of Hamlin were Sunday visitors in the home of Mr. and Mrs. Louis Rector.

Will Rushing who lives near Royston has been seriously ill for the past ten days.

Mr. and Mrs. J. T. Rhoten have made several trips to the Rotan hospital the past week to visit their daughter-in-law, Mrs. George Rhoten, who has been seriously ill.

O-O-O

There is one good thing about the rationing of tires, gas and cars—we are inclined to believe that

folks will become more neighborly like in the days of old. For the past ten years people have been in such a hurry that they didn't take the time out to have many close friends. We may get back in the good old days when people would hitch up old Maude and Kate to the family hack and drive several miles to a candy-breaking or a snap party, community singing and the like.

The young and the old had just as much fun thirty years ago as they have had in fast autos in the past few years, and not nearly so many were getting killed on the highways. Life has been too fast, and we might as well admit it. Now we are just a young sprout, but we can remember when we thought we were going to town when we could hold the arm of a fair maiden and walk a mile to an ice cream supper. But now we are going at a snail's pace if we aren't making all the old bus will do. That is, we were, before Uncle Sam put the brakes on at 35 miles per hour. That is one time that our Uncle used his head. A lot of good grass land was ruined when it was plowed up in West Texas and it might be a wise idea for the folks to turn some of it back to grass or else give it back to the Indians. Any way, we would like to see a big round-up once again, even like we saw back in old Kent Co. in 1908-9-10.

Reconstruction days after this war, like all other wars, will be tough sleddin'. So you and you and you and me just as well make up our minds to come down out of that tall tree and be "Just Folks".

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

Our community was very saddened Tuesday of last week when news came to us of the sudden death of Mrs. W. S. King of the Neinda community who passed away while sitting in her chair doing embroidery work. Mrs. King never lived in our community but we feel that she was a part of it, since she was the mother of Mrs. Earl Brown who lived here for a number of years and taught in the Boyd Chapel school for several years. Her smiling face and ever ready hand to help in need will be missed by her many friends. We extend our deepest sympathy to the family in their grief and sorrow.

Mr. and Mrs. C. E. Young and

daughter, Mrs. Birdy of Abilene, left for Camp Blivington, La., last Saturday where word came to them their son Dee had been seriously injured while on maneuvers with the Commandos. A telegram received by the brothers Sunday stated he was still unconscious.

Visitors in the home of Mr. and Mrs. J. A. Holden Saturday were Mr. and Mrs. T. L. Hamilton of Abilene and Mr. and Mrs. R. F. Yeardon, and sons David Loren of Seattle, Washington, Mr. and Mrs. Yeardon and family are missionaries to Colombia, South America.

Those who celebrated the birthday dinner of Miss Mildred Young of Abilene in the home of Mr. and Mrs. Thompson Young were Mr. and Mrs. Bert Killingsworth and baby of Longview, Mr. and Mrs. Paul Young and baby and the honoree, Miss Mildred Young.

Those who visited in the home of Mr. and Mrs. Willie Tabb Sunday were Mr. and Mrs. Charles Earley and children, Mr. and Mrs. Spurgeon Dunn and children of Plasterco, and Mr. and Mrs. Nolen Tabb of Hamlin.

Mrs. E. K. Whittenburg returned from Dallas last week where she had been called by the serious illness of her daughter, Mrs. Clarence Whittenburg. Mrs. Whittenburg is much improved at this writing.

One of Texas' most significant industrial developments of the last few years has been the building and successful operation of the first paper mill to make newsprint from Southern Pine.

THE HAMLIN HERALD

IN 37th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, OCTOBER 16, 1942

NUMBER 50

Ten More Men Gone Coming For Others

Ten more Hamlin men have enlisted direct into the Air Forces and left Anson Tuesday of this week for the Lubbock Army Flying School. More men between the ages of 18 and 50 are needed and there will be recruiters at the Hamlin and Anson Chambers of Commerce offices on Saturday and Monday for the purpose of enlisting those interested and transportation to Lubbock will be furnished.

Those enlisting from Hamlin last week were: John Charles Hix, Vernon C. Henderson, Bernard F. Meeks, James Drennan Bingham, Vernon Jewell Address, Alvie L. Mullins, Howard L. Wilson, Jesse E. Johnson, John S. Armstrong and Jake Armstrong.

Enlist now and serve with your friends from Hamlin and Jones Co. There are now over 120 Jones Co. men at the Lubbock Army Flying School, forty-eight having left Anson Tuesday for there.

The nation-wide campaign to enlist mechanics and technicians into the Air Forces will end soon.

—Public Relations Office

The Herald will take a double check on the number of papers on each list hereafter, so that we shall know for a certainty that all papers whose subscriptions have not expired have been started on the way to the reader from this office. (Tf)

If you notice the month shown on your Herald after your name it will show you when it is about time to RENEW. Let the Herald send in your subscription for a daily paper and save you at least 50 cents.

CALVARY BAPTIST CHURCH

The church this Sunday, at the morning services, will hear Rev. E. B. Featherston, of Aspermont, provided he can get some way of coming. The pastor will be in the pulpit at the Neinda church for the morning services.

Bro. Featherston is nearly 93 years of age but still has an active mind and young spirit. We invite all to come hear him.

Keep In Touch With Red Cross Chapter

Brad Rowland, Hamlin, is newly named Red Cross Disaster Chairman for Jones County.

Mr. Rowland succeeds B. T. Beaver, Anson, resigned because of pressing school duties. The new chairman attended a regional Red Cross consultation in Abilene last week. Jones County Chapter was also represented by these officials: Mrs. Bailey Post, Stamford, Canteen chairman; Mrs. V. D. Duble, Stamford, Junior Red Cross chairman; Miss Hybernina Grace, Anson, Home Service chairman; Mrs. C. F. Butcher, Hamlin, Red Cross vice-chairman; Miss Dorothy Johnson, Anson, Junior Red Cross.

Increasing war effort is reflected in tremendously increasing demand for Red Cross home service. Miss Hybernina Grace, Anson, chairman, reported. This aid is the link for men in armed forces with their homes and families and included 86 cases in the quarter just closed. During July, August and September, Miss Grace reports forty-five telegrams, 118 interviews, 130 letters, 498 miles traveled, \$5.67 in direct relief and \$361.00 in relief loans for emergencies. Thirteen October calls had been received by October 12th.

One hundred twenty-five women completed surgical dressings schools of instruction last week, Mrs. Geo. E. Pryor, surgical dressings chairman, reported. In addition to volunteers for each day working under day-chairman and co-chairman, clerical helpers have offered their services for each day the work-room is operated, Mrs. Pryor stated. Oct. quota has been shipped and work will begin immediately upon its arrival.

A recent Red Cross donation of \$140.17 from Anson was reported by Chairman Dean.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 9:45, A. M.
Morning Worship Service, 10:50.
Youth Fellowship of Intermediates and Juniors at 7 P. M.

Evening services at 8 o'clock.
The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

Mid-week prayer service, Wednesday evening at 8 o'clock.

The pastor will preach at both the morning and evening services Sunday. Special music will be rendered and the Young People will be in the choir Sunday evening.

The poet has well said:
"A Sabbath well spent brings a week of content

And health for the toils of the morrow.
But a Sabbath profaned, what'er may be gained,
Is a certain forerunner of sorrow."

How do you spend your Sabbaths?
Go to church Sunday!
We welcome visitors.

Mr. and Mrs. J. B. Goodwin and daughter, Betty Joyce, of Anson, were here Sunday to visit Mrs. Goodwin's sister, Mrs. Z. T. Wilson and family.

Dr. and Mrs. Joe McCrary left Sunday morning for California to visit their friends, Mr. and Mrs. Tex Moore. Mr. Moore has been very ill.

Relatives of Bill Eaton and C. L. Warner have heard that these two fellows are now in Portland, Oregon, working as welders in the big ship yards. They left here Sept. 29.

Mr. and Mrs. Don Gould and daughter Brenda spent the week end in Duncan, Oklahoma, with relatives and friends.

Mr. and Mrs. C. C. Prater visited her sister, Mrs. C. L. Baker in Ballinger from Sunday until Tuesday and while there attended a breakfast at the Palace Hotel given by Mrs. Baker complimenting a war bride friend.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

Mrs. Bertie Wright spent the past week end with Mr. and Mrs. Lem Reynolds in the Neinda community.

Mrs. C. C. Prater visited her sister, Mrs. C. L. Baker in Ballinger from Sunday until Tuesday and while there attended a breakfast at the Palace Hotel given by Mrs. Baker complimenting a war bride friend.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

Aviation Pilot

LT. WILLIAM WARREN NOBLES

This young Hamlin man received his silver Wings as a pilot last Friday at the West Point of the Air in San Antonio. His mother, Mrs. Vera Nobles and his sister, Miss Marguerite of Texas Tech were present for the graduation.

Lt. Nobles was retained at Kelly Field as an instructor. This seems a distinct rating for Warren, but he was disappointed in not being sent forward to be nearer action.

The Herald anywhere, 1 year, \$1

157,297 Pounds Of Scrap Metals Gathered Friday By Hamlin Schools

Last week end, two of Hamlin's young students, were up from John Tarleton College to enjoy the smiles of home folks and friends. Jimmy Clements and Elmer Feagan Jr. had all the appearances of young soldiers in their pretty regulation uniforms. Jimmy is a freshman and Elmer may be considered more advanced as he attended the State University the latter part of last term. It would seem that Jimmy is trying to introduce a new, patriotic touch in his latest hair cut.

Arthur W. Gray, manager of the Farmers Gin Co. at Georgetown, and a big land owner in Jones Co., keeps the Herald coming to him by means of those "long green slips" bearing the picture of Washington. Yes sir, A. W., Jones county is really dressed up and going places. It looks like there will not be over 50,000 bales this year, but think of the feed, the goobers, and fine stock plus gobs of chickens and vegetables. No, starvation in these parts.

Typewriter Ribbons—Royal and Woodstock for sale at the HERALD.

Instead of the regular Tuesday noon luncheon, the Lions club held their meeting Tuesday night and had as the main speaker District Governor Charlie Williams of Fort Worth. Lion Williams brought many valuable thoughts to the group and the club and community will profit by his visit.

Miss Sarah Smith, who recently moved to Hamlin from Anson gave a humorous reading that made a hit with the Lions.

The Sight Conservation committee reported a small boy in Grammar school had been tested and fitted for glasses. Other worthy cases are being looked after. This is one of the outstanding objectives of Lions, and if you know of a child who should have this attention, notify any Lion member.

Lions Gilbreath and Toler compose the program committee for the month of October.

Death of Mrs. W. S. King

At 9:30 Monday morning, October 5, 1942, the death angel ever so quietly crept into the family home and silently and gently closed the eyes of Mrs. W. S. King in the draperies of eternal sleep. Mrs. King was sitting in her rocker embroidering when God saw fit to take her away. What a comfort to know that she went without a struggle.

Ada Davis was born on December 30, 1875 in Franklin County. She was married to W. S. King on Oct. 14, 1900. To this union was born eight children, two of whom died in infancy. Mrs. King became a Christian in early childhood and was a member of the Methodist church at Neinda at the time of her death. It can truthfully be said that in her going we have lost a good woman from our midst, for she was loved by all who knew her.

Funeral services were conducted by Rev. Grady Adecock on Tuesday afternoon at 3 o'clock at the Methodist church at Neinda. Mr. Albert Thompson of Anson directed the singing. An impressive part of the service was a solo "You Won't Have to Cross Jordan Alone" by Mrs. Claudia Day of Anson.

Pallbearers were Sam Tindal, Lum Sullivan, E. L. McGilvary, F. W. Poe, Taylor Owens and George Poe.

Mrs. King is survived by her husband and six children: James S. of Victoria; Mrs. Earl Brown of Hamlin; Mrs. Gordon Green of Merkel; Mrs. Cloda Hubbard of Littlefield; Mrs. Ramon Elkins of Dallas, and Robert R. of Spur; eight grandchildren and three sisters, and one brother, all of Mt. Vernon.

Children, the time will not be long until you go to meet your mother; then among great rejoicing you will be a united family, and until that time the Father will heal the broken hearts and help you in your sorrow.

—A Friend

Miss Dorothy Hudson of Fort Worth came home Friday to spend the week end with her parents, Mr. and Mrs. John Hudson. Dorothy has completed an aircraft course and is now employed in Consolidated Aircraft Corp.

Mrs. Bertie Wright spent the past week end with Mr. and Mrs. Lem Reynolds in the Neinda community.

Mrs. C. C. Prater visited her sister, Mrs. C. L. Baker in Ballinger from Sunday until Tuesday and while there attended a breakfast at the Palace Hotel given by Mrs. Baker complimenting a war bride friend.

Mrs. V. V. Anderson went to Sweetwater Monday to visit her daughter, Mrs. Milton Templeton.

The Hamlin School Scrap Drive was a success—157,297 pounds of iron, steel and various other metals were thrown in the lot at the Planters Gin and on the lot designated on Central Avenue. Several hundred pounds yet remain to be gathered up over the city. It is possible that many more tons could be gathered by our students if opportunity permits us to gather it. We wish to thank Mr. J. D. Ferguson, manager of the Planters Gin, for the use of his lot and his scales. We are indebted to the city employees for their time and the use of their trucks. We appreciate the help of all individuals who worked or contributed in our efforts.

The Scrap report by classes is as follows:

First Grade—2,580
Second Grade—1,895
Third Grade—1,585
Fourth Grade—1,765
Sixth Grade—5,665
Seventh Grade—3,215
Eighth Grade—2,595
Ninth Grade—34,892
Tenth Grade—29,195
Eleventh Grade—23,980
Twelfth Grade—49,935
TOTAL 157,297

G. R. Bennett, Supt.

The Aspermont Star Closes For Duration

Monday afternoon Editor and Mrs. L. B. Moore of the Aspermont Star called at the Herald Office in a farewell visit, following the closing down of their paper last Saturday.

Editor Moore is going into the army aviation mechanic service shortly and his wife returns to her parents at Strawn. Mr. Moore gave Aspermont a good little paper considering all conditions. He told the Herald he wanted to hear from this part of the state and as soon as located he would send for it.

Kyle Jones came over last Friday from San Francisco where he has been working in the Kaiser Ship Yard. He is transferring to some ship yard on the Texas Coast. And say, there is another Hamlin man in the Kaiser yards—he is Robert S. Dean, who went out there August 14. Kyle Jones is a grandson of Mrs. W. J. Johnson.

The President Speaks—

Did you listen in on the President's intimate talk last Monday night? If you did, don't you agree with us that it was one of the calmest, most practical chats he has given the American people? In the main, did you agree with him in his earnest expressions . . . the man on whose shoulders the second greatest burden in the history of this nation now rests? His talk was so full of reassurances, so broad and gentle. To be sure he did say a few things that hurts to the bone, and who could expect anything but a hurt these times? Mr. Roosevelt made it clear that he took a personal look at a mere fringe of this great nation at war preparations. He, like you and all men would be, was surprised to see so much being done, and the people so willing, and deeply earnest. This counts towards the final victory, too.

This column has said before that no man in America can imagine just how big the country is making its war machine. The efficiency, the spirit, the men and women behind the guns from factory to the very battle edge is a power that no other nation can muster in so short a time.

Maybe some of us do get impatient and want to jump the gun, talk too much and know too little, but all this is human, and what a blessing that we have a country where even the Herald man can feel safe in expressing OUR opinion about things. If one thinks a secretary, a brain buster, a general or even the president has pulled a boner, and says so, nobody will shoot him for it. What every patriotic person wants to do, though, is to slap every fifth columnist in the mouth that does not play along with our leaders, good or bad. If some leader gets too rotten and reckless, too selfish and fiddles too long he will get it in the neck sooner or later, in good fashion. The President made a personal trip to see. The people liked it, and will want him to travel some more and talk some more. America is on its way to victory, not for personal gain as a nation, but for decency, honor and comfort for all peoples. Our ideals are noble enough to encompass success, and there are TWO things we all know must come true . . . Whip the Germans and Japs if it takes a hundred years, and in doing that we all know the price will be paid in blood and lives, hundreds of sacrifices. But it will be worth it.

Too Late To Draft Labor—

The labor question is giving a lot of people the gummy fits. Away back yonder when war work started was the time to settle the question of labor. Too long has passed when a million or two had to give up their jobs that paid well while others who had never enjoyed more than a dollar a day hiked out to war plants to receive oodles of dollars while their buddies were getting only \$21, \$30, or \$50 for a whole month and besides undergo restrictions, and dangers too numerous to mention—yes, it is too late now. Let's forget the inequalities that have developed and trot along to win a bad war and forget who gets what.

Remember long ago this column suggested that all manner of war activities should be done on a sensible, fair basis . . . (some more type-writer strategy) but by heck it makes sense. To take one brother and put him in the army at 20 to 30 dollars per month and the other in as a mechanic under some racket to be paid from 7 to 13 dollars per day out of the taxpayers pockets, to do war work, easier than the soldier's job DON'T make sense to us. It is too late now. Who can blame a man who gets about two dollars on the farm for going over yonder to receive \$10 for eight or maybe seven hours of easier work under the bright lights? Who can now tell him to stay put in a field of dirt to make money for the farmer? Certainly somebody must work in every place, but it is too late now to draft labor. What kind of army would we have to tell the soldier in the Solomon Islands that if he wants to he can quit and go back home to help raise sheep or hogs, or cane? But

that would be fair and expected if a labor draft should be attempted. We got to win the war now as we started out. The only way would be to level it all out on the same basis.

—T & T—

The 35 Miles—

Plans are now being set to control tire use, tire ownership, tire replacement. A lot of swearing (legally) and a lot of cussing will be done in the next sixty days. It will go like heck with some fellows to swear that they have but five tires when as a matter of fact they have six or seven. There are a lot of folks who will gladly give over their extra tires and try to conserve their five.

When it comes to that 35 miles, it will be out in the open, even in the dark. When one is driving along at nearly 35 and some smart guy comes up from behind and dashes around it is going to make most patriotically minded people angry and you may watch out for a lot of rear numbers to be reported to the proper authorities. It would be proper to turn in

a fast guy like that. Of course that would be tattling and a guy who disregards regulations in war time would not hesitate in saying, "Why no, I was not driving over 35".

—T & T—

Soldier Voting—

Most Americans want to give and allow our soldier boys every thing possible they need and want. But for the life of us, we can't see why congress was so anxious to extend the voting privilege to the men of the armed service. Reports from Austin say that not one single request has come from any Texas soldier for a ballot. That's what might have been expected. Our men do not have time to think about voting, for whom or for what. They have confidence in the folks back home like we at home depend on them to do a good job. In a dozen respects it is impractical for a soldier to get a ballot and cast a vote when he is ten thousand miles away, in the midst of death and disease. If they can't whip the enemy all of our voting will avail nothing. If the fathers and mothers back home can not vote right and deal with affairs in a country like this, why should the soldier give his life for it? Plainly we think a shabby political gesture was snuffed up by the fellows in congress. People are tired of this kind of piffle, we think.

—T & T—

Chinchy—

One of the rankest chinchy attempts to get something printed for

nothing was received from a certain candidate (evidently, at least by his consent and knowledge) through a West Texas Press Association envelope this week. We are not dealing in politics, but B uddy, if anybody wants to know who we will not vote for, for the vacant seat in the Texas Senate, you can ask this editor. We have such an utter contempt for this kind of cheap campaigning that it makes us fear to express our feelings for we might say it too strong. Some publishers may be silly enough to fall for something like that to "fill up" their sheet, but not here Baby. When you see a candidate's name in this paper remember he paid for it, offered to pay or has good credit.

About Soldiers--Sailors

The Herald regrets to learn that Sgt. Dee Young, a member of the Commandos, was seriously injured while on maneuvers in Louisiana last Saturday. Dee had been handling big tanks and teaching tank operations. His many friends in the Hamlin-Neinda-Boyd Chapel communities will be anxious about his recovery.

—S & S—

In World War I, a sergeant ordered a negro soldier to enter a dug-out and clean out any of the enemy who happened to be there. The dark-skinned soldier, swallowed his Adam's apple and then said huskily, "If you sees three or fo' men come a-runnin' out dat hole, don't shoot de fust one, please."

—S & S—

W. W. Dean, son of Mr. and Mrs. R. L. Dean has been accepted in the Navy Seabees service and is expecting a call any day to get "out and go over." A Seabee signs up for foreign service—and ere long he will likely be "away down yonder."

—S & S—

Letters are coming in from Onis, California, from "somewhere" west of San Francisco, not even his wife can exactly figure his real location. He is in the best of health and spirits, and like all other young married fellows, he counts the days as they pass, and looks forward to "when it is over". Onis' parents live near Stamford, but were formerly prominent Hamlin people. He was employed by the Hamlin Bryant-Link Co. before his induction into the army.

—S & S—

You can now put Pvt. before the name of Clee Barnett, a Hamlin-Fisher county boy, who has joined up with the South Plains Army Flying School at Lubbock. If you want to send him something use 848th School Sqdn. (SP).

—S & S—

Sgt. Charles England of Savannah, Georgia, who is stationed at the Stamford flying school, was a guest of Guy Wilson the past week who visited with his parents, Mr. and Mrs. M. C. Wilson.

—S & S—

Mrs. Leon Thurman received a letter Tuesday from her husband, Staff Sergeant Leon Thurman marked "Somewhere in the British Isles". The letter was written Sept. 20 and was postmarked Sept. 24th.

—S & S—

W. C. (Dub) Tidwell has joined up with the air corps in the ground crew as a mechanic. He says he will keep 'em flying. He is at Randolph Field in San Antonio, and his wife plans to join him Saturday.

—S & S—

Harold Newberry, Jr., came in last week from the Great Lakes Naval Station for a short stay with home folks. This is perhaps Hamlin's youngest boy in the service.

—S & S—

Buddy Withers, son of Mrs. J. C. Withers, was here this week making preparations to go into the Navy. He took his oath in the service in Santa Fe, N. M., Oct. 9th, and he left this Thursday for that place to later go to some point in California. He will serve in the recruiting service. Buddy's home is in Pecos, where his wife will teach while he is away.

—S & S—

Mrs. Clyde Huff and Mrs. W. L. Hunter, Jr., report that their brother, James Parker whose home is near McCaulley, received his Wings at Stockton, Calif., Sept. 29. He is rated as a Staff Pilot.

—S & S—

Pfc. Walter C. Thompson, son of Mack M. Thompson, came in last Saturday from Ft. Bliss to visit with his father a few days. Walter has been in Ft. Bliss now over 18 months. He is in the artillery branch of the army.

—S & S—

Elza Raye Hill, son of Mr. and Mrs. Alvin Hill, age 19, has been in the ground crew of the Air Force Sqdn. 616, Ft. 45 in Kern, Utah. He has been in now three weeks. This is another fine old Fisher Co. son, the only one in that family.

—S & S—

Wilson Crow of the U. S. Naval Receiving Station Bake Shop, Division 5 R, at San Diego, has been raised one degree promotion. He is now Baker 2-C which is the same as Staff Sergeant in the army. Wilson is also an artist with pen and ink. The envelope carried a one-side sketch in four colors. Glad to hear from you Wilson.

—S & S—

Bynum Britton, son of Mr. and Mrs. Geo. Britton, is a navy man now. He is in the 36th Bat. Co. D Plat 5, at Camp Allen, Norfolk, Va. Bynum has been with the West Tex-

as Co. 19 years. He is another Neinda boy we shall hear from.

—S & S—

Our Soldiers and Sailors, the WAACS, the WAVES had as well move over and give room for Our Nurses, for Hamlin community has at least one pretty nurse in the service. She is First Lieutenant Frances Bailey, daughter of Mr. and Mrs. Ed Bailey. Miss Bailey is located in Camp Berkeley and she is one of the two assistants of the Chief Nurse of that base hospital. You know the nurse is as important as the man who works the big guns, or the planes or ships. Her presence in the emergency hospitals, or even in the quiet training center means more than words can paint to the young fellow far from home and sick or wounded. Hence, here's our "hats off" to any young lady who serves our country and our men in this capacity.

—S & S—

Bill Scott, son of Mrs. J. H. Scott arrived home Thursday night of last week from Ft. Sill, Okla. where he had just received his commission as Second Lieutenant of the Field Artillery. Lt. Scott was formerly in the National Guard in 1938 and was automatically put in the army in November, 1940. This promotion will place Bill in a fine field for further promotions.

—S & S—

A LETTER

I guess that all soldiers like to hear about what is happening around home and I especially like to read what and where my friends are in the service. I haven't heard from anyone who is in, and I always read about them in the Herald.

I have really been a lot of places since I joined the Air Force. I went to Camp Wolters and then the Shepard Field and then to Brookley Field and then they sent me to school. I learned to be an engine mechanic. I really learned a lot in a short time too. It is a very fine course. I was going to be a glider pilot but they decided not to train the fellows that didn't have any previous flight training. So, I took the examination for aviation cadet. I am waiting now for appointment.

I would like to tell you about the air depot here and about the field but I guess that would be a military secret. Mobile, Alabama, is a pretty good town but there isn't much here for there are too many war workers. These Southern Belles are not what they are supposed to be, I don't think. The Yankees like them though. They just haven't been to Texas. Everywhere you go you always see a lot of boys from Texas.

I would sure like to hear from you so I will look for a letter. Keep 'em Flyin'.

Respectfully,

Pvt. M. Y. Wilson

Brookley Field, Mobile, Ala.

Shootin' 'em Down

U. S. Army Headquarters in Britain reported that 115 American bombers, in their first large-scale daylight sweep over the occupied part of France, shot down 48 Nazi planes, probably destroyed 38 more and seriously damaged at least 19. Never before had so many German planes been shot down in a single operation over Western Europe as were brought down by the massed fire of the American Flying Fortresses and Consolidated B-24's. Only four American ships were lost and the crew of one was saved. The bombers made a destructive attack on the Lille industrial area.

Rationing and Drivinq

Price Administrator Henderson announced these steps as the Government plan to keep every passenger car "rolling for essential mileage" throughout the war: (1) Rationing of used tires and recaps, and new tires now in stock, to provide as far as possible the minimum essential mileage to each of the nation's passenger cars; (2) actual control of each car's mileage through the rationing of gasoline to prevent unnecessary driving and to hold the national average down to 5,000 miles per car per year; (3) compulsory periodic inspection of all tires to guard against abuse and to prevent wear beyond the point where they can be recapped; (4) denial of gasoline and of tire replacement to cars whose drivers persistently violate the national 35-mile-an-hour speed limit.

A nice line of Christmas cards at the Herald Office. Make your selection early to be certain to get the card you want.

Suppose the POWER
to Make this Bomber
Was Still on Blueprint!

Another world war is being fought . . . a war between a group of countries (the United Nations) which believe in certain liberties for the individual and the institutions he has created, and a group of countries (the Axis) which do not believe in such liberties.

Meanwhile, a war is being waged within our own borders . . . an economic and political revolution, with those who believe in perpetuating free enterprise and opportunity on one side and those who favor political control and operation of productive resources on the other.

Bureaus exist within our government today that are completely disassociated from the war effort, methodically doing things to discourage free enterprise . . . constantly forcing the individual out of business through government subsidized projects.

This means only one thing in the end, if allowed to expand unchecked: the inauguration of government in business, or the socialized state—in plain English, the Nazified German system—at a time when the nation is fighting a second world war to prevent that very system from engulfing our American ways which have been contrary to that doctrine.

From the first blueprint to the finished bomber, electric power is speeding the production lines that are vital to the fight to preserve the American way of living. Uncle Sam has a tremendous power advantage, you know, because he commands the greatest supply in the world.

That advantage didn't just happen. Over 90 percent of this country's electric power was built up by free enterprise . . . business management under public regulation.

The electric industry was ready, with the power on hand, when war began. There was no delay waiting to get power out of the blueprint stage after Pearl Harbor.

This industry grew out of the American system of free enterprise . . . employed more and more people, served more and more people—at lower and lower price.

Today the average West Texas home enjoys about twice or three times as much electric service as it did 10 or 15 years ago—for the same money.

It's been accomplished under the American system of free enterprise wherein any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people and contribute their share of taxes for the support of democratic government!

Miss Marie Holland Marries Indiana Man

Miss Marie Holland and S. W. Mopps were married Saturday, Sept. 26, in Yuma, Arizona. The ceremony was read by the Rev. J. B. Brown of the First Christian Church.

The bride is a daughter of Mrs. Beuna Holland of Hamlin. While attending Hamlin High school she was a majorette for two years, and graduated with the class of 1941. After finishing High school she was employed with the Telephone Co. in Rule, and was later transferred to Haskell.

Mr. Mopps is the son of Mr. and Mrs. W. W. Mopps, of Muncie, Indiana and is employed with Consolidated Air Craft in California.

They are at home at 2830 Upas St., San Diego, California.

Card of Thanks

We shall always remember with deep gratitude the comforting expressions of sympathy and the beautiful floral offerings from our friends during our recent bereavement of the loss of our dear wife and mother.

May our Heavenly Father bless and reward each of you.

W. S. King and Children

Mrs. A. H. Abernathy visited relatives in Merkel Sunday.

THAT "HATE TO WORK" FEELING

Does your work have to wait because you "don't feel like doing anything"? This listlessness may be due to delayed bowel action. Give those lazy bowels a gentle nudge with ADLERIK'S 3 laxatives and 5 carminatives. Try ADLERIK today, your druggist has it.

It Is Your Money

If You Pay More Than Our Safe Rates for your protection, you let some one spend the money that belongs to your family.

You Would Not pay \$1.50 for flour that you can buy for \$1.00, yet many are doing that for insurance. A comparison of rates we charge for protection will show you.

Can The Person who sells you at a higher price, and knows it, feel he is treating you, as he would wish to be treated?

In Merchandise, there is a difference in quality. In The Cash Value of Insurance, there is none. Money from one, is of no greater value than from another. Then Why Pay a higher rate for your insurance money? It is just simple business. You always compare prices when buying food or clothing, so why not try that in your insurance program? It will pay you. There are but two things to consider in buying insurance. That is, "Do they pay promptly? Do they pay what they promise?" Our reputation is established. We are proud of what people know. Our Large Cash Reserve, is Your Guaranty. Our Rates are your savings.

Write us and give us your ages, and let us show you the savings, and your own good judgment will decide your actions.

Very truly yours,
IDEAL SECURITY LIFE INS. CO.
By W. H. Littlefield, Sec'y-Treas.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

A long-time friend has presented me with a hat. Maybe he thought that, since I talk and write Texas so much, I should wear a hat that suggests Texas. Anyhow, he gave me a Stetson—a "5X" at that. Did you know that they rate Stetsons by the "Xs"—different degrees, like the gravity of oil or the richness of the butter-fat in milk? And a "5X" is purty near the top. Don't know what it cost—wouldn't be polite to ask questions. But you've heard of a "fifty dollar saddle on a twenty dollar horse"? Well, I know how the horse feels!

An editor of a weekly paper, commenting on the fact that sometimes errors creep into his news columns, says that he made several in the last issue and a good subscriber told him about them. The editor goes on to relate, then, that about the same

day there was a letter in his post-office box that didn't belong to him; he called for No. 98 on the 'phone and got No. 198; he asked for a spool of No. 40 thread and was given No. 60; he received his milk bill and there was a mistake of 10 cents in his favor; he felt sick and the doctor told him he was eating too much meat when he hadn't tasted meat in nearly two weeks; the preacher turned in the church news items with the name of the president of the ladies' aid society spelled wrong; the garage man said the editor's jitney was missing because it needed a new timer but the editor just cleaned a spark plug and the flivver has been running all right ever since.

Yes, indeed, editors do make mistakes—and so, every thousand years or so, do other people.—(Quoted from the Sanderson Times).

Memories of a Traveler: Mexico City, where men carrying the heaviest burdens can be seen—one bearing a desk and three chairs; another on a bicycle, pedaling down a busy street, balancing a basket on his head, and the basket heaped with

freshly baked rolls . . . St. Paul, where you can stand on the north bank of the Mississippi and look across at the mysterious caves in which mushrooms are grown; folks moving briskly in the cold, wearing ear-muffs, bearskin coats, "winter wonderland" costumes.

Tony, who operated a little stand, was much annoyed by persons making a practice of handling and pinching the fruit, thereby leaving it softened and easier to spoil. So he put up a sign, "If you musta pincha de fruit, pincha de cocoanut."

Mrs. Carl Stotler and Mrs. J. M. Donaghey Jr. returned Sunday from Pampa after visiting several days there.

Next to oil and natural gas, sulphur is Texas' most valuable mineral resource.

Salt is the oldest and most continuously produced commercial mineral in Texas.

Christmas Cards at the Herald Office—5 cents to 20 cents each.

REVERSED

"Some of these guys," remarked Buck Private Cassidy, "has got the idea that the duty of a good soldier is to die for his country. Nuts to that! The duty of a good soldier is to make the enemy soldiers die for theirs."

—Santa Fe Railway Magazine

Holidays observed in Texas alone are Texas Independence Day, March 2, and San Jacinto Day, April 21.

HAMLIN, TEXAS

HAMLIN, TEXAS

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

The address of Pvt. Emory L. Address is 38067902, B T V B 30th Coast Artillery, A P O No. 944 care of Postmaster, Seattle, Wash. Loyd is a former McCauley boy and is after the Japs in Alaska.

Mr. and Mrs. Cecil Eivens and daughter of Lubbock were visiting their parents in Hamlin and McCauley over the week end.

Mr. and Mrs. Raymond Tanner and daughter of Dumas visited over the week end with her parents, Mr. and Mrs. W. C. Jackson in McCauley.

Mr. and Mrs. N. D. Miers and children of the Hobbs community were Sunday visitors in the home of Mr. and Mrs. Turner Houghton.

Mr. and Mrs. Louis Yates of Brady were week end visitors in the home of their parents, Mr. and Mrs. C. P. Yates.

Mrs. Dee Thomas of Ft. Stockton visited for a week in this vicinity. She is a niece of Mr. and Mrs. G. W. Martin. While here she visited in the homes of the Martins, the J. Ubbens, and O. R. Burnhams. Other visitors in the G. W. Martin home last Sunday were their children Wiley and family of Abilene, Frank and family of Hamlin, Mr. and Mrs. Milo Gray of Sylvester and Mr. and Mrs. Ellis Eivens and children of McCauley.

This vicinity has been blessed with a week of nice cotton pulling weather and if the hands were here it wouldn't be long until all the cotton was in the bale. The fields are white and cotton pickers are wanted.

Pvt. Joseph Miles of Sheppard Field was home with his parents, Mr. and Mrs. John Miles over the week end.

Just to keep the record straight, let us make this plain that the McCauley gins are not charging 40 cents per hundred for ginning and furthermore, such a charge would get the gins at McCauley closed by Uncle Sam, as our charge last year was 25 cents per one hundred lbs., and this year the gins are charging 26 1-4 cents per one hundred lbs., and paid \$47.96 per ton for seed last week. Don't listen to false rumors.

Three candidates have announced for the Senate to fill the unexpired term of John Lee Smith. They are Charlie A. Jones of Rotan, Pat Bullock of Snyder and Howard Davison of Rotan. Bullock and Davison are former members of the Texas Legislature and Jones made the race for the Legislature on two different occasions. He also made the race for County Judge of Fisher county and was defeated in all three races. However, Mr. Jones polled a good vote in every race. Howard Davison was born and reared in McCauley and is now a practicing attorney at Rotan. We will comment on the race in this column in a later edition of the Herald and most of the readers know by this time that we do not

sit on the fence.

Mr. and Mrs. Abe Martin of Dallas visited over the week end with her parents, Mr. and Mrs. Will Davison.

We had a lot of comments on our last week's O'Gram and most of them were favorable. But one fellow said "you put it a little strong didn't you?" and the only answer we had for him was: "If the shoe fits, wear it."

Miss Emma Sue Hennington who is attending McMurry at Abilene, was home over the week end with her parents, Mr. and Mrs. O. T. Hennington.

Mr. and Mrs. Roy Hennington and children are spending a month in the home of brother and sister, north of town. Mr. and Mrs. Hennington are teaching this year in the Hobbs school and the school turned out a month for cotton picking.

The McCauley school six man foot ball team went over to Dal last Friday and got a 40 to 0 drubbing. We hope for better returns next time.

A. L. (Alvin) Gregg, long time resident of this vicinity, passed away at his home near Neinda at 9 A. M. Monday. Funeral arrangements are incomplete at this writing. Mr. Gregg has been in bad health for some months with heart trouble. He is survived by his wife, a half brother, Hiram Prather of McCauley and other relatives. Mr. Gregg was well known and leaves many friends. Our deepest sympathy to the bereaved.

Mrs. Randal Parker and young son Randal Dick are visiting this week in the home of parents, Rev. and Mrs. C. E. Dick of McCauley. The Parkers' home is in Novice, Texas.

Students home over the week end from Colleges in Abilene were: Corine Akins and Mary Callaway of Hardin-Simmons.

Joe (Buddy) Boyd of Camp Wolters, was home over the week end with his parents, Mr. and Mrs. L. H. Boyd.

Mrs. Vera Jayroe and grandmother Yarbrough spent the week end in the home of Mr. and Mrs. Louis Earl Madden in Hamlin.

The Men's Bible Class of the Baptist church entertained their wives at a party in the home of Mr. and Mrs. Virgil Steele near Plasterco last Thursday.

Mmes. Jim Ezell and M. P. May of Hamlin were Sunday visitors in the home of Mr. and Mrs. Louis Rector.

Will Rushing who lives near Royston has been seriously ill for the past ten days.

Mr. and Mrs. J. T. Rhoten have made several trips to the Rotan hospital the past week to visit their daughter-in-law, Mrs. George Rhoten, who has been seriously ill.

There is one good thing about the rationing of tires, gas and cars—we are inclined to believe that

folks will become more neighborly like in the days of old. For the past ten years people have been in such a hurry that they didn't take the time out to have many close friends. We may get back in the good old days when people would hitch up old Maude and Kate to the family hack and drive several miles to a candy-breaking or a snap party, community singing and the like.

The young and the old had just as much fun thirty years ago as they have had in fast autos in the past few years, and not nearly so many were getting killed on the highways. Life has been too fast, and we might as well admit it. Now we are just a young sprout, but we can remember when we thought we were going to town when we could hold the arm of a fair maiden and walk a mile to an ice cream supper. But now we are going at a snail's pace if we aren't making all the old bus will do. That is, we were, before Uncle Sam put the brakes on at 35 miles per hour. That is one time that our Uncle used his head. A lot of good grass land was ruined when it was plowed up in West Texas and it might be a wise idea for the folks to turn some of it back to grass or else give it back to the Indians. Any way, we would like to see a big round-up once again, even like we saw back in old Kent Co. in 1908-9-10.

Reconstruction days after this war, like all other wars, will be tough sleddin'. So you and you and you and me just as well make up our minds to come down out of that tall tree and be "Just Folks".

A DARDEN-O-GRAM

Classified

WALL PAPER that does not need any canvas, a decorative felt that makes a beautiful wall, inexpensive. Recently received at

PAUL BRYAN LUMBER CO.

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

Our community was very saddened Tuesday of last week when news came to us of the sudden death of Mrs. W. S. King of the Neinda community who passed away while sitting in her chair doing embroidery work. Mrs. King never lived in our community but we feel that she was a part of it, since she was the mother of Mrs. Earl Brown who lived here for a number of years and taught in the Boyd Chapel school for several years. Her smiling face and ever ready hand to help in need will be missed by her many friends. We extend our deepest sympathy to the family in their grief and sorrow.

Mr. and Mrs. C. E. Young and

daughter, Mrs. Birdy of Abilene, left for Camp Blvington, La., last Saturday where word came to them their son Dee had been seriously injured while on maneuvers with the Commandos. A telegram received by the brothers Sunday stated he was still unconscious.

Visitors in the home of Mr. and Mrs. J. A. Holden Saturday were Mr. and Mrs. T. L. Hamilton of Abilene and Mr. and Mrs. R. F. Yeaton, and sons David Loren of Seattle, Washington, Mr. and Mrs. Yeaton and family are missionaries to Colombia, South America.

Those who celebrated the birthday dinner of Miss Mildred Young of Abilene in the home of Mr. and Mrs. Thompson Young were Mr. and Mrs. Bert Killingsworth and baby of Longview, Mr. and Mrs. Paul Young and baby and the honoree, Miss Mildred Young.

Those who visited in the home of Mr. and Mrs. Willie Tabb Sunday were Mr. and Mrs. Charles Earley and children, Mr. and Mrs. Spurgeon Dunn and children of Plasterco, and Mr. and Mrs. Nolen Tabb of Hamlin.

Mrs. E. K. Whittenburg returned from Dallas last week where she had been called by the serious illness of her daughter, Mrs. Clarence Whittenburg. Mrs. Whittenburg is much improved at this writing.

One of Texas' most significant industrial developments of the last few years has been the building and successful operation of the first paper mill to make newsprint from Southern Pine.
